TOWN OF AURORA
SEQR RESOLUTION
1627 Bailey Rd (SBL#200.00-3-2)

RESOLVED that the Town Board of the Town of Aurora declares itself as an interested agency with regard to SEQR for the Site Plan application to install a ground mounted solar array for SBL# 200.00-3-2 at 1627 Bailey Road; and further

RESOLVED that after considering the action stated herein, reviewing the criteria contained in Section 617.11 of the Rules and Regulations of the State Environmental Quality Review Act, determines that the action is an Unlisted action; and further

RESOLVED that the Town Board of the Town of Aurora has determined that this Unlisted action will result in no significant adverse impacts on the environment, and therefore, an environmental impact statement need not be prepared; and further

RESOLVED that a negative declaration is issued with regard to the Site Plan for a ground mounted solar array installation at 1627 Bailey Road, East Aurora, NY.

4B.2

TOWN OF AURORA
RESOLUTION APPROVING SITE PLAN
1627 Bailey Road (SBL# 200.00-3-2)

Whereas, Damien Parker has submitted a Site Plan Review Application to install a ground mounted solar array for SBL#200.00-3-2 at 1627 Bailey Road, East Aurora NY; and

Whereas, at their May 6, 2026 meeting the Aurora Town Planning Board recommended approval of the site plan; and

Whereas, the Code Enforcement Officer determined this to be an unlisted action under SEQR and the Town Board found that the project will not result in any significant adverse environmental impacts.

Now, therefore, be it

RESOLVED that the Site Plan for SBL#200.00-3-2 at 1627 Bailey Road, East Aurora, NY, to install a ground mounted solar array is approved by the Town Board.

4C.1

TOWN OF AURORA
SEQR RESOLUTION
298 Ellicott Road (SBL#186.00-5-1)

RESOLVED that the Town Board of the Town of Aurora declares itself lead agency with regard to SEQR for the Special Use Permit to expand campground operations at 298 Ellicott Road; and further

RESOLVED that after considering the action stated herein, reviewing the criteria contained in Section 617.11 of the Rules and Regulations of the State Environmental Quality Review Act, the Code Enforcement Officer determines that the actions are Unlisted actions; and further

RESOLVED that the Town Board of the Town of Aurora has determined that these Unlisted actions will result in no significant adverse impacts on the environment, and therefore, an environmental impact statement need not be prepared; and further

RESOLVED that a negative declaration is issued with regard to the Special Use Permit to expand campground operations at 298 Ellicott Road, East Aurora, NY.

4C.2

TOWN OF AURORA
RESOLUTION APPROVING SPECIAL USE PERMIT
298 Ellicott Road (SBL# 186.00-5-1)

WHEREAS, Neil Hopkins/RNH 298 LLC has applied for a Special Use Permit for campground operations expansion at 298 Ellicott Road, East Aurora, NY; and

WHEREAS, the Town Board of the Town of Aurora referred the Special Use Permit application to the Town of Aurora Planning Board for their review and recommendation; and

WHEREAS, on May 6, 2026, the Planning Board voted unanimously to recommend that the Town Board approve the Special Use Permit; and

WHEREAS, as an unlisted action under SEQR the Town Board found that the project will not result in any significant adverse environmental impacts.

NOW, THEREFORE, BE IT

RESOLVED, that pursuant to Town Code §95-2B(2) of the Town of Aurora, the Town Board of the Town of Aurora does hereby grant the attached Special Use Permit, including conditions, to Neil Hopkins/RNH 298 LLC to expand campground operations at 298 Ellicott Road, East Aurora, NY.

NYS Department of Environmental Conservation
NYS Department of Health
NYS Department of Transportation
NYS Environmental Facilities Corporation
NYS Historic Preservation Office
U.S. Army Corps of Engineers

Re: Notice of Intent to Establish Lead Agency
Village of East Aurora Water System Improvements
Village of East Aurora, New York

Dear Interested and Involved Agencies:

Pursuant to the State Environmental Quality Review Act ("SEQRA") and 6 NYCRR 617.6(b)(3)(i), please be advised that the Village of East Aurora intends to establish itself as Lead Agency for the purposes of fulfilling the SEQRA requirements relative to the proposed Village of East Aurora Water System Improvements Project. The Project will be located in the Village of East Aurora and Town of Aurora, Erie County, New York.

The Village of East Aurora owns and operates a public water distribution system that serves residents and businesses throughout the Village. Portions of the existing water system do not meet current New York State Department of Health (NYSDOH) standards and have reached the end of their useful life, resulting in operational and maintenance challenges. The Village is proposing water system improvements to address identified deficiencies, improve system reliability, and bring the system into compliance with current NYSDOH standards.

The proposed project includes the following components:

- Approximately 37,000 linear feet of water main replacement with new 8-inch ductile iron water main
- Replacement of approximately 50 fire hydrants
- Replacement of approximately 70 gate valves
- Transfer of approximately 550 water services to the new water mains
- Rehabilitation of the existing water storage tanks located on Center Street and Castle Hill Road
- Replacement of the existing booster pump station on Elmwood Avenue with a new hydropneumatic system consisting of pumps, pressure tanks, controls, and associated appurtenances to improve system redundancy, water pressure, and fire flow capacity

Construction will occur primarily within existing roadway rights-of-way and at existing utility facilities throughout the Village of East Aurora. Enclosed for your review, as required pursuant to 6 NYCRR 617.6(b)(3)(i), is Part 1 of a completed Full Environmental Assessment Form (FEAF), that describes the proposed action in more detail, and a map detailing the project location and proposed infrastructure. The FEAF is complete with all information available at this time. If you are a representative of a state or local agency, your agency has been determined to meet the definition of an Interested or Involved Agency, as these terms are defined in 6 NYCRR Part 617.2. It is noted that additional entities (federal agencies involved with the project and the Village's engineering consultant) are receiving copies of SEQRA correspondence for their files, although they do not meet the definition of Involved or Interested Agencies.

In accordance with 6 NYCRR 617.6(b)(3), the intent of this letter is to initiate the coordinated review process. The Village is planning to complete their SEQR review for this project at a board meeting during the third week of July to meet the NYS Environmental Facilities Corporation Water Infrastructure Improvement Act (WIAA) Grant application deadline. To meet this schedule, Involved Agencies must agree upon Lead Agency designation by July 20, 2026. A Lead Agency consent form is provided at the end of this letter for your use. Please return this form as soon as possible. If you disagree with the proposed designation of the Village of East Aurora Village Board as Lead Agency for this project, or would otherwise like to provide comment, please send notice of said disagreement and/or comments to Hannah Buys at hbuys@bartonandloguidice.com or to the following address by July 20, 2026: Barton & Loguidice, D.P.C., 1738 Elmwood Avenue, Suite 100, Buffalo, NY 14207.

Sincerely,

BARTON & LOGUIDICE, D.P.C.

SEQRA LEAD AGENCY DESIGNATION

ACTION: Village of East Aurora Water System Improvements

The undersigned involved or interested agency hereby:

☐ Received the coordinated review package for the above-referenced action; AND

☐ Consents; OR

☐ Does not consent

to the designation of the Village of East Aurora as Lead Agency for the above-referenced action.

_____

(Name of Involved or Interested Agency)

_____

(Printed Name of Representative)

_____ _____

(Electronic/Digital Signature of Representative) Date

Form must be received before the end of the coordinated review period: July 20, 2026

Full Environmental Assessment Form
Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies that would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No." If the answer to the initial question is "Yes," complete the following sub-questions. If the answer to the initial question is "No," proceed to the next question. Section F allows the project sponsor to identify and attach additional information. Section G requires the name and signature of the applicant or project sponsor to verify the information in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

Name of Action or Project: Village of East Aurora Water System Improvements		
Project Location (describe and attach a general location map): Village of East Aurora and Town of Aurora, Erie County, New York		
Brief Description of Proposed Action (include purpose or need): The Village of East Aurora owns and operates a public water distribution system that serves residents and businesses throughout the Village. Portions of the existing water system do not meet current New York State Department of Health (NYSDOH) standards and have reached the end of their useful life, resulting in operational and maintenance challenges. The proposed project consists of improvements to bring the system into compliance with current NYSDOH standards and address identified deficiencies. Improvements include replacement of approximately 37,000 linear feet of undersized water main with new 8-inch ductile iron water main, replacement of approximately 50 hydrants and 70 gate valves, transfer of approximately 550 water services to the new mains, rehabilitation of the existing water storage tanks on Center Street and Castle Hill Road, and replacement of the existing booster pump station on Elmwood Avenue with a new hydropneumatic system to improve system redundancy, water pressure, and fire flow capacity. Construction will occur primarily within existing roadway rights-of-way and at existing utility facilities.		
Name of Applicant/Sponsor: Village of East Aurora, C/O Luke Wochensky, Mayor	Telephone: 716-388-1605 E-Mail: village.board@east-aurora.ny.us	
Address: 585 Oakwood Avenue		
City/PO: East Aurora, NY	State: NY	Zip Code: 14052
Project Contact (if not same as sponsor; give name and title/role): Hannah Buys, Environmental Scientist II, Barton & Loguidice, D.P.C.	Telephone: 585-325-7190 ext 2222 E-Mail: hbuys@bartonandloguidice.com	
Address: 1738 Elmwood Avenue, Suite 100		
City/PO: Buffalo	State: NY	Zip Code: 14207
Property Owner (if not same as sponsor): Proposed water main and hydrant replacements will occur within existing municipal roads. Storage tanks and booster pump station are located on property owned by the Village.	Telephone: E-Mail:	
Address:		
City/PO:	State:	Zip Code:

B. Government Approvals

B. Government Approvals, Funding, or Sponsorship. ("Funding" includes grants, loans, tax relief, and any other forms of financial assistance.)		
Government Entity	**If Yes: Identify Agency and Approval(s) Required**	**Application Date (Actual or projected)**
a. City Council, Town Board, or Village Board of Trustees ☒ Yes ☐ No	Village of East Aurora (Project Sponsor)	Summer 2026
b. City, Town or Village Planning Board or Commission ☐ Yes ☒ No		
c. City, Town or Village Zoning Board of Appeals ☐ Yes ☒ No		
d. Other local agencies ☐ Yes ☒ No		
e. County agencies ☒ Yes ☐ No	Erie County Highway Department (approval); Erie County Department of Health (approval)	Summer/Fall 2026
f. Regional agencies ☐ Yes ☒ No		
g. State agencies ☒ Yes ☐ No	NYSDEC, NYSDOH, NYSDOT, NYSOPRHP: Permits/approvals; NYSEFC: Funding	Summer/Fall 2026
h. Federal agencies ☒ Yes ☐ No	USACE (permit)	Summer/Fall 2026
i. Coastal Resources. *i.* Is the project site within a Coastal Area or the waterfront area of a Designated Inland Waterway? ☐ Yes ☒ No *ii.* Is the project site located in a community with an approved Local Waterfront Revitalization Program? ☐ Yes ☒ No *iii.* Is the project site within a Coastal Erosion Hazard Area? ☐ Yes ☒ No		

C. Planning and Zoning

C.1. Planning and zoning actions.
Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule, or regulation be the only approval(s) that must be granted to enable the proposed action to proceed? ☐ Yes ☒ No • **If Yes,** complete sections C, F and G. • **If No,** proceed to question C.2 and complete all remaining sections and questions in Part 1
C.2. Adopted land use plans.
a. Do any municipally adopted (city, town, village, or county) comprehensive land use plan(s) include the site where the proposed action would be located? ☒ Yes ☐ No If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? ☐ Yes ☒ No
b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) ☒ Yes ☐ No If Yes, identify the plan(s): NYS Heritage Areas: West Erie Canal Corridor
c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan or an adopted municipal farmland protection plan? ☒ Yes ☐ No If Yes, identify the plan(s): Regional Comprehensive Plan for the Towns of Aurora, Elma, Holland, and Wales and the Village of East Aurora, Erie County Agricultural and Farmland Protection Plan

d. Is the proposed action in a municipality with an adopted comprehensive or individual plan that addresses climate change? ☒ Yes ☐ No
Erie County HMP (2022)- Village of East Aurora Jurisdictional Annex

If yes, identify the elements of the plan that are relevant to the action:
Erie County Hazard Mitigation Plan (2022 Update). Relevant elements include mitigation of flooding, severe storms, extreme precipitation events, infrastructure resilience, protection of public water supply infrastructure, and emergency preparedness for climate-related hazards.

C.3. Zoning

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. ☒ Yes ☐ No
If Yes, what is the zoning classification(s) including any applicable overlay district?
SFR- Single-Family Residential, GR- General Residential, VC- Village Center, NC- Neighborhood Commercial, LCR- Limited Commercial Residential, OS- Open Space

b. Is the use permitted or allowed by a special or conditional use permit? ☐ Yes ☒ No

c. Is a zoning change requested as part of the proposed action? ☐ Yes ☒ No
If Yes, What is the proposed new zoning for the site?

C.4. Existing community services.

a. In what school district is the project site located? East Aurora Union Free School District

b. What police or other public protection forces serve the project site?
East Aurora Police Department, Erie County Sheriff's Office, NYS Police Troop A

c. Which fire protection and emergency medical services serve the project site?
East Aurora Fire Department

d. What parks serve the project site?
Majors Park, Knox Farm State Park, Sinking Pond Wildlife Sanctuary, The Owens Falls Sanctuary, Hamlin Park

D. Project Details

D.1. Proposed and Potential Development

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include allcomponents)? Municipal water system improvements- water main replacement, tank recoating, new booster pump station

b. a. Total acreage of the site of the proposed action? 40.8 acres
b. Total acreage to be physically disturbed? 9 acres
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 32.6 acres

c. Is the proposed action an expansion of an existing project or use? ☐ Yes ☒ No
i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units,square feet)? %_____ Units: ____

d. Is the proposed action a subdivision, or does it include a subdivision? ☐ Yes ☒ No
If Yes,
i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)

ii. Is a cluster/conservation layout proposed? ☐ Yes ☐ No
iii. Number of lots proposed? _____
iv. Minimum and maximum proposed lot sizes? Minimum_____Maximum _____

e. Will the proposed action be constructed in multiple phases? ☐ Yes ☒ No

i. If No, anticipated period of construction: 12 months

ii. If Yes:

- Total number of phases anticipated _____
- Anticipated commencement date of phase 1 (including demolition) _____ month_____year
- Anticipated completion date of final phase _____ month_____year
- Generally describe connections or relationships among phases, including any contingencies where progress of one phase maydetermine timing or duration of future phases: _____

f. Does the project include new residential uses? ☐ Yes ☒ No

If Yes, show numbers of units proposed.

	One Family	Two Family	Three Family	Multiple Family (four or more)
Initial Phase				
At completion of all phases				

g. Does the proposed action include new non-residential construction (including expansions)? ☒ Yes ☐ No

If Yes,

i. Total number of structures 1 (replacement booster pump structure)

ii. Dimensions (in feet) of largest proposed structure: 7 height; 6 width; and 7 length (approx.50sf)

iii. Approximate extent of building space to be heated or cooled: N/A- space will not be heated or cooled square feet

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage? ☐ Yes ☒ No

If Yes,

i. Purpose of the impoundment: _____

ii. If a water impoundment, the principal source of the water: ☐ Ground water ☐ Surface water streams ☐ Other specify: _____

iii. If other than water, identify the type of impounded/contained liquids and their source. _____

iv. Approximate size of the proposed impoundment. Volume:_____million gallons; surface area:_____acres

v. Dimensions of the proposed dam or impounding structure: _____ height;_____length

vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete):

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite) ☐ Yes ☒ No

If Yes:

i. What is the purpose of the excavation or dredging? _____

ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?

- Volume (specify tons or cubic yards): _____
- Over what duration of time? _____

iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them. _____

iv. Will there be onsite dewatering or processing of excavated materials? ☐ Yes ☐ No

If yes, describe. _____

v. What is the total area to be dredged or excavated?_____acres

vi. What is the maximum area to be worked at any one time?_____acres

vii. What would be the maximum depth of excavation or dredging?_____feet

viii. Will the excavation require blasting? ☐ Yes ☐ No

ix. Summarize site reclamation goals and plan: _____

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? [X] Yes [ ] No

If Yes:

i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): NYSDEC Wetland EA-8, multiple wetlands mapped by the United States Fish and Wildlife Service (USWFS) National Wetland Inventory (NWI), Tannery Brook and tribs, East Branch Cazenovia Creek and tribs

ii. Describe how the proposed action would affect that waterbody or wetland, e.g., excavation, fill, placement of structures, or alteration of channels, banks, and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

If new water main crosses wetlands or surface waters and open cut installation is required, temporary disturbances would result. All resources would be restored to their pre-construction grades and cover types once installation is complete. Specific impacts will be determined during the project's final design phase.

iii. Will the proposed action cause or result in disturbance to bottom sediments? [X] Yes [ ] No

If Yes, describe: Temporary disturbance to bottom sediments may occur if open-cut installation is required at stream crossings. Any disturbed streambed areas would be restored following construction.

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation? [ ] Yes [X] No

If Yes:

- acres of aquatic vegetation proposed to be removed: _
  expected acreage of aquatic vegetation remaining after project completion: _____
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): _____
- proposed method of plant removal: _____
- if chemical/herbicide treatment will be used, specify product(s): _____

v. Describe any proposed reclamation/mitigation following disturbance: _____

Temporarily disturbed wetlands and surface waters will be restored and stabilized to their original grades following construction.

c. Will the proposed action use, or create a new demand for water? [X] Yes [ ] No

If Yes:

i. Total anticipated water usage/demand per day: 786,000 (max daily flow) gallons/day Existing system demand. No proposed change.

ii. Will the proposed action obtain water from an existing public water supply? [X] Yes [ ] No

If Yes:

- Name of district or service area: Village of East Aurora Water District/Erie County Water Authority
- Does the existing public water supply have capacity to serve the proposal? [X] Yes [ ] No
- Is the project site in the existing district? [X] Yes [ ] No
- Is expansion of the district needed? [ ] Yes [X] No
- Do existing lines serve the project site? [X] Yes [ ] No

iii. Will line extension within an existing district be necessary to supply the project? [ ] Yes [X] No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____
- Source(s) of supply for the district: _____

iv. Is a new water supply district or service area proposed to be formed to serve the project site? [ ] Yes [X] No

If Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- Proposed source(s) of supply for new district: _____

v. If a public water supply will not be used, describe plans to provide water supply for the project: _____

vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: _____ gallons/minute.

d. Will the proposed action generate liquid wastes? ☐ Yes ☒ No

If Yes:

i. Total anticipated liquid waste generation per day: _____ gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): _____

iii. Will the proposed action use any existing public wastewater treatment facilities? ☐ Yes ☐ No

If Yes:

- Name of wastewater treatment plant to be used: _____
- Name of district: _____
- Does the existing wastewater treatment plant have capacity to serve the project? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No

- Do existing sewer lines serve the project site? ☐ Yes ☐ No
- Will a line extension within an existing district be necessary to serve the project? ☐ Yes ☐ No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site? ☐ Yes ☐ No

If Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- What is the receiving water for the wastewater discharge? _____

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):

vi. Describe any plans or designs to capture, recycle or reuse liquid waste: _____

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e., sheet flow) during construction or post construction? ☒ Yes ☐ No

If Yes:

i. How much impervious surface will the project create in relation to total size of project parcel?

_____ Square feet or 0 acres (impervious surface) (replacement booster pump station building will be located at the existing booster pump station site. No net increase in impervious surface area is anticipated)

_____ Square feet or 40.8 acres (parcel size)

ii. Describe types of new point sources. No new point sources are proposed. Temporary storm water runoff may occur as sheet flow during construction

iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water, or off-site surface waters)?

Existing drainage features, including roadside drainage and on-site surface waters

- If to surface waters, identify receiving water bodies or wetlands: Tannery Brook and tribs, East Branch Cazenovia Creek and tribs
- Will stormwater runoff flow to adjacent properties? ☒ Yes ☐ No

iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? ☐ Yes ☒ No

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? ☒Yes ☐No

If Yes, identify:

i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)
Heavy equipment during construction. No sources of air emissions as part of system operations post-construction

ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)

iii. Stationary sources during operations (e.g., process emissions, boilers, electric generation, surface coating)

g. Will any air emission sources named in D.2.f (above), require an Air Facility Registration, Air State Facility Permit, Title IV Permit or Title V Permit? ☐Yes ☒No

If Yes:

i. Is the proposed action subject to the Nonattainment New Source Review or Prevention of Significant Deterioration requirements discussed in 6 NYCRR Part 231? ☐Yes ☐No

ii. As calculated in the air permit application, the proposed action has the potential to emit:

- _____Tons/year (short tons) of carbon monoxide (CO)
- _____Tons/year (short tons) of oxides of nitrogen (NOx)
- _____Tons/year (short tons) of particulate matter (PM-10, PM-2.5)
- _____Tons/year (short tons) of volatile organic compounds (VOC)
- _____Tons/year (short tons) of sulfur dioxide (SO_2)

iii. Will emissions of air contaminants from the proposed action described above exceed the corresponding major source thresholds? ☐Yes ☐No

iv. Does the proposed action have the potential to emit 10 tons/year or more of any one designated hazardous air pollutant or 25 tons/year or more of any combination of such hazardous air pollutants (6 NYCRR 200.1(ag))? ☐Yes ☐No

If Yes, provide the total potential to emit hazardous air pollutants in short tons/year: _____

h. Will the proposed action generate or emit annual direct and indirect greenhouse gas emissions, such as carbon dioxide, methane, nitrous oxide, sulfur hexafluoride, hydrofluorocarbons, or perfluorocarbons in excess of 10,000 metric tons of total carbon dioxide equivalents per year at any point in the lifetime of the proposed action (estimated using the carbon dioxide equivalent definition and global warming potentials provided in 6 NYCRR Part 496)? ☐Yes ☒No

If Yes:

i. Estimate the proposed action's metric tons of carbon dioxide equivalents in tons/year (metric): _____

ii. Describe any greenhouse gas capture, control, or elimination measures included in project design: _____

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? ☐Yes ☒No

If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? ☐Yes ☒No

If Yes:

i. When is the peak traffic expected (Check all that apply): ☐Morning ☐Evening ☐Weekend
Randomly between hours of_____to_____.

ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks):

iii. Parking spaces: Existing_____Proposed_____Net increase/decrease _____

iv. Does the proposed action include any shared use parking? ☐Yes ☐No

v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:

vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site? ☐Yes ☐No

vii Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles? ☐Yes ☐No

viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes? ☐Yes ☐No

k. Will the proposed action (for commercial or industrial projects only) generate new or additional energy demand? ☐Yes ☐No
If Yes: N/A- not a commercial/industrial project
i. Estimate annual electricity demand during operation of the proposed action: _____

ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): _____

iii. Will the proposed action require a new, or an upgrade, to an existing substation? ☐Yes ☐No

l. Hours of operation. Answer all items which apply.

i. During Construction:
- Monday - Friday: 7AM-5PM
- Saturday: N/A
- Sunday: N/A
- Holidays: N/A

ii. During Operations:
- Monday - Friday: Continuous use of water system
- Saturday: Continuous use of water system
- Sunday: Continuous use of water system
- Holidays: Continuous use of water system

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both? ☒Yes ☐No
If yes:
i. Provide details including sources, time of day and duration:
Ambient noise levels would likely be exceeded during construction. Construction activities would be completed during daytime, weekday work hours (generally 7AM to 5PM). Operational noise levels at the booster pump station are not expected to be audible from nearby developed properties.

ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen? ☒Yes ☐No
Describe: Tree clearing may be required to facilitate construction. All clearing will be restricted to the smallest footprint required.

n. Will the proposed action have outdoor lighting? ☒Yes ☐No
If yes:
i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:
New exterior lighting would be installed for the booster pump station upgrades. New lighting would aim downward, and would be mounted approx. 5 feet high off the ground. The nearest occupied structures are approximately 100 feet east and west of the proposed light.

ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen? ☒Yes ☐No
Describe: Tree clearing may be required to facilitate construction. All clearing will be restricted to the smallest footprint required.

o. Does the proposed action have the potential to produce odors for more than one hour per day? ☐Yes ☒No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures: _____

p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? ☐Yes ☒No
If Yes:
i. Product(s) to be stored _____
ii. Volume(s)_____ per unit time_____(e.g., month, year)
iii. Generally, describe the proposed storage facilities:_____

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? ☐Yes ☐No
If Yes: N/A- not a commercial/industrial project
i. Describe proposed treatment(s):
_____
_____
_____

ii. Will the proposed action use Integrated Pest Management Practices? ☐Yes ☐No

r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? ☐Yes ☐No

If Yes: N/A- not a commercial/industrial project

i. Describe any solid waste(s) to be generated during construction or operation of the facility:

- Construction:_____tons per_____(unit of time)
- Operation : _____ tons per_____(unit of time)

ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:

- Construction: _____
- Operation: _____

iii. Proposed disposal methods/facilities for solid waste generated on-site:

- Construction: _____
- Operation: _____

s. Does the proposed action include construction or modification of a solid waste management facility? ☐Yes ☒No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____

ii. Anticipated rate of disposal/processing:

- _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
- _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life:_____years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐Yes ☒No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled, or managed at facility: _____

ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

iii. Specify amount to be handled or generated_____tons/month

iv. Describe any proposals for on-site minimization, recycling, or reuse of hazardous constituents: _____

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐Yes ☐No

If Yes: provide name and location of facility: _____

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:

_____

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

☐ Urban ☐ Industrial ☒ Commercial ☒ Residential (suburban) ☐ Rural (non-farm)
☒ Forest ☐ Agriculture ☒ Aquatic ☐ Other (specify): _____

ii. If mix of uses, generally describe:

The project area consists of the Village of East Aurora. Developed properties in the project area generally consist of residential and commercial use. Any vacant land consists of forest cover or open water.

b. Land uses and cover types on the project site.

Land use or Cover type	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces (total)	9 (total)	9.003 (total)	+.003 (total)
• Industrial or manufacturing	0	0	0
• Commercial	0	0	0
• Residential	9	9.003	+.003
• Forested	5	4.5	-0.5
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)	3	3	0
• Agricultural (includes active orchards, field, greenhouse, etc.)	0	0	0
• Surface water features (lakes, ponds, streams, rivers, etc.)	0.5	0.5	0
• Wetlands (freshwater or tidal)	3	3	0
• Non-vegetated (bare rock, earth, or fill)	0	0	0
• Other, Describe: Mowed/maintained herbaceous cover	20	20.49	+0.49

c. Is the project site presently used by members of the community for public recreation? ☒ Yes ☐ No

i. If Yes: explain: Streams within the project area may be used for fishing.

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? ☒ Yes ☐ No

If Yes,

i. Identify facilities:

East Aurora Union Free District School, East Aurora Pre School Center, Duck Duck Goose Child Care Center, Absolut Care of Aurora Park, and First Presbyterian Preschool are within 1500 feet of the project site

e. Does the project site contain an existing dam? ☐ Yes ☒ No

If Yes:

i. Dimensions of the dam and impoundment:

- Dam height: _____ feet
- Dam length: _____ feet
- Surface area: _____ acres
- Volume impounded: _____ gallons OR acre-feet

ii. Dam's existing hazard classification: _____

iii. Provide date and summarize results of last inspection:

_____

_____

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property that is now, or was at one time, used as a solid waste management facility? ☐ Yes ☒ No

If Yes:

i. Has the facility been formally closed? ☐ Yes ☐ No

- If Yes, cite sources/documentation: _____

ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:

_____

_____

iii. Describe any development constraints due to the prior solid waste activities: _____

_____

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? ☐ Yes ☒ No

If Yes:

i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:

_____

_____

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? ☒ Yes ☐ No

If Yes:

i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: ☒ Yes ☐ No

☒ Yes – Spills Incidents database — Provide DEC ID number(s): 2508380, 2504674

☐ Yes – Environmental Site Remediation database — Provide DEC ID number(s): _____

☐ Neither database

ii. If site has been subject of RCRA corrective activities, describe control measures: _____

_____

_____

iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? ☒ Yes ☐ No

If Yes, provide DEC ID number(s): 915157

iv. If Yes to (i), (ii) or (iii) above, describe current status of site(s):

All spill records have been closed out. Remediation at the site has been completed.

_____

v. Is the project site subject to an institutional control limiting property uses? ☐Yes ☒No

- If Yes, DEC site ID number: _____
- Describe the type of institutional control (e.g., deed restriction or easement): _____
- Describe any use limitations: _____
- Describe any engineering controls: _____
- Will the project affect the institutional or engineering controls in place? ☐Yes ☐No
- Explain: _____

E.2. Natural Resources On or Near Project Site

a. What is the average depth to bedrock on the project site? >6 feet

b. Are there bedrock outcroppings on the project site? ☐Yes ☒No
If Yes, what proportion of the site is comprised of bedrock outcroppings? _____%

c. Predominant soil type(s) present on project site:

Palmyra gravelly loam, 0 to 3 percent slopes	23.3 %
Phelps gravelly loam, 0 to 3 percent slopes	18.1 %
Varysburg gravelly loam, 0 to 3 percent slopes	17.2 %

*41.4% of the site is made up of other soil classifications

d. What is the average depth to the water table on the project site? Average: 2 feet

e. Drainage status of project site soils:

Well Drained:	49.3 % of site
Moderately Well Drained:	18.2 % of site
Poorly Drained	32.5 % of site

f. Approximate proportion of proposed action site with slopes:

0-10%:	85.6 % of site
10-15%:	9.8 % of site
15% or greater:	4.6 % of site

g. Are there any unique geologic features on the project site? ☐Yes ☒No
If Yes, describe: _____

h. Surface water features.

i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds, or lakes)? ☒Yes ☐No

ii. Do any wetlands or other waterbodies adjoin the project site? ☒Yes ☐No

If Yes to either *i* or *ii*, continue. If No, skip to E.2.i.

iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? ☒Yes ☐No

iv. For each identified regulated wetland and waterbody on the project site, provide the following information:

- Streams: Name Tannery Brook and tribs; East Branch of Cazenovia Creek and tribs Classification Portions of Tribs are C/C and B/B
- Lakes or Ponds: Name None Classification N/A
- Wetlands: Name NYSDEC Wetland EA-8; multiple NWI wetlands Approximate Size Approx. 3 acres
- Wetland No. (if regulated by DEC) _____

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? ☐Yes ☒No

If Yes, name of impaired water body/bodies and basis for listing as impaired: _____

i. Is the project site in a designated Floodway? ☒Yes ☐No

j. Is the project site in the 100-year Floodplain? ☒Yes ☐No

k. Is the project site in the 500-year Floodplain? ☒Yes ☐No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer? ☒Yes ☐No
If Yes:

i. Name of aquifer: Principal aquifer

m. Identify the predominant wildlife species that occupy or use the project site:

White-tailed deer	White-footed mouse	Gray squirrel
Eastern cottontail	Raccoon	Striped skunk
Multiple bird species	Multiple fish/amphibian species	

n. Does the project site contain a designated significant natural community? ☐ Yes ☒ No

If Yes:

i. Describe the habitat/community (composition, function, and basis for designation): _____

ii. Source(s) of description or evaluation: _____

iii. Extent of community/habitat:

- Currently: _____ acres
- Following completion of project as proposed: _____ acres
- Gain or loss (indicate + or -): _____ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species? ☒ Yes ☐ No

If Yes:

i. Species and listing (endangered or threatened): _____

USFWS: northern long-eared bat (Myotis septentrionalis, endangered), tricolored bat (Perimyotis subflavus, proposed endangered), Monarch butterfly (Danaus plexippus, proposed threatened)

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern? ☐ Yes ☒ No

If Yes:

i. Species and listing: _____

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? ☒ Yes ☐ No

If Yes, give a brief description of how the proposed action may affect that use: _____

Tributaries may be used for fishing. Temporary disturbance associated with construction, may result in short-term impacts. All areas will be restored following construction, and these resources will remain available.

E.3. Designated Public Resources On or Near Project Site

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? ☐ Yes ☒ No

If Yes, provide county plus district name/number: _____

b. Are agricultural lands consisting of highly productive soils present? ☐ Yes ☒ No

i. If Yes: acreage(s) on project site? _____

ii. Source(s) of soil rating(s): _____

c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? ☐ Yes ☒ No

If Yes:

i. Nature of the natural landmark: ☐ Biological Community ☐ Geological Feature

ii. Provide brief description of landmark, including values behind designation and approximate size/extent: _____

d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? ☐ Yes ☒ No

If Yes:

i. CEA name: _____

ii. Basis for designation: _____

iii. Designating agency and date: _____

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYSOffice of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? ☒ Yes ☐ No

If Yes:

i. Nature of historic/archaeological resource: ☐ Archaeological Site ☒ Historic Building or District

ii. Name: Multiple homes and buildings throughout the Village of East Aurora

iii. Brief description of attributes on which listing is based:
Buildings listed on National Register of Historic Places

f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the New York State Historic Preservation Office (SHPO) archaeological site inventory? ☒ Yes ☐ No

g. Have additional archaeological or historic site(s) or resources been identified on the project site? ☐ Yes ☒ No

If Yes:

i. Describe possible resource(s): _____

ii. Basis for identification: _____

h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic, or aesthetic resource? ☒ Yes ☐ No

If Yes:

i. Identify resource: Majors Park, Knox Farm State Park, Sinking Pond Wildlife Sanctuary, The Owens Falls Sanctuary, Hamlin Park

ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail, or scenic byway, etc.): Public village parks, state parks, and local wildlife sanctuaries

iii. Distance between project and resource: 0-5 miles.

i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? ☐ Yes ☒ No

If Yes:

i. Identify the name of the river and its designation: _____

ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666? Yes No

E.4. Disadvantaged Communities Designated Pursuant to ECL Article 75

a. Is the project located within, or within ½-mile of, a disadvantaged community? ☐ Yes ☒ No

If No, could impacts (see examples below in E.4.b) from the project affect a disadvantaged community? ☐ Yes ☒ No

If Yes to either question in E.4.a, answer the remaining questions in this section.

b. Will there be direct or indirect impacts that may affect a disadvantaged community, such as those listed below? ☐ Yes ☐ No

i. new noise sources or expansions/modification of existing noise sources;
   - noise from operational sources
   - noise from construction activities

ii. emissions of air pollutants, including mobile emissions;

iii. wastewater discharges;

iv. generation of odors;

v. light pollution;

vi. new or modified radiation sources;

vii. new or modified sources of solid waste generation, management, or disposal.

If Yes, describe the impacts: _____

c. Do any of the state agency approvals identified in question B.g include any of the following DEC permits?

State Pollutant Discharge Elimination System (SPDES)	☐ Yes	☐ No
Solid Waste Management Facility	☐ Yes	☐ No
Hazardous Waste Management Facility	☐ Yes	☐ No
Air Pollution Control (Title V or Air State Facility)	☐ Yes	☐ No
Water Withdrawal over 20 MGD for Cooling Water	☐ Yes	☐ No
Waste Transporter	☐ Yes	☐ No

E.5 Future Physical Climate Risks

Will the proposed action be vulnerable to the following future physical climate risks under current or projected future conditions:

a. Is the proposed action vulnerable to damage from a projected 100-year flood? ☐ Yes ☒ No
b. Is the proposed action vulnerable to damage from a projected 500-year flood? ☐ Yes ☒ No
c. Is the proposed action in an area potentially affected by sea level rise? ☐ Yes ☒ No
d. Will the proposed action increase the vulnerability of human or ecological communities to the following:
   i. drought? ☐ Yes ☒ No
   ii. temperature extremes (hot or cold)? ☐ Yes ☒ No
   iii. extreme storms, including high winds? ☐ Yes ☒ No
   iv. landslides? ☐ Yes ☒ No
   v. coastal erosion? ☐ Yes ☒ No
   vi. stormwater flooding? ☐ Yes ☒ No
   vii. other climate or weather hazards? ☐ Yes ☒ No. If Yes, describe: _____

F. Additional Information

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

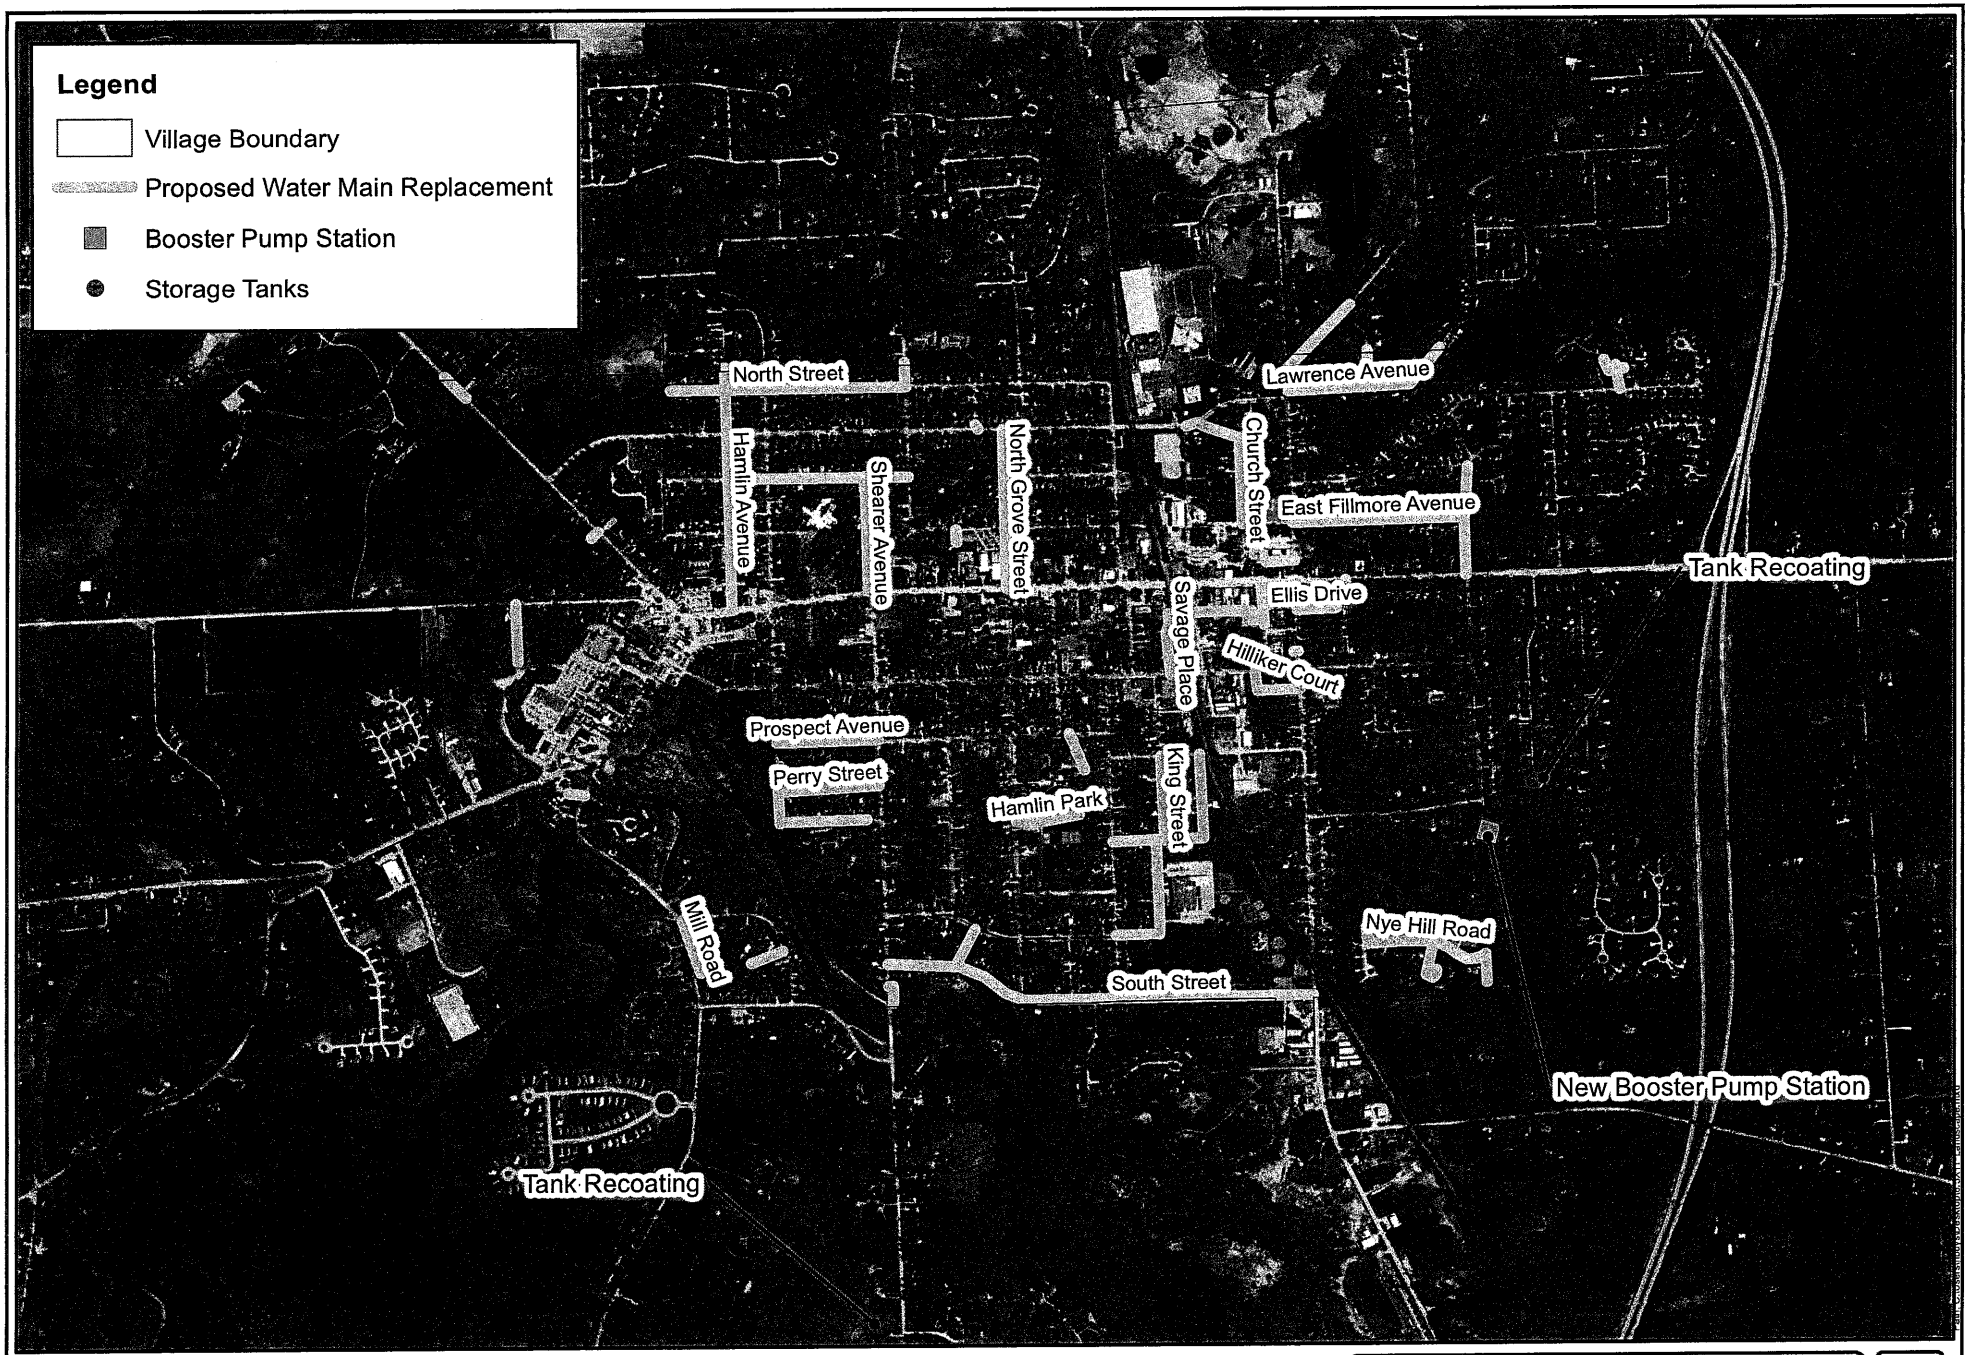

G. Verification

I certify that the information provided is true to the best of my knowledge.

Giant Hogweed Control Summary

Site #: 2772

Site Address: 441 Olean Road (Majors Park) Visit Date: 6/9 6/10 & 6/15/2026

☑ If checked, all control work for this year has been completed.

☐ If checked, Giant Hogweed was controlled with an herbicide.

☑ If checked, Giant Hogweed was controlled by root-cutting: 474 plants.

☐ If checked, Giant Hogweed flower/seed heads were cut and bagged: _____ plants.

☐ If checked, no Giant Hogweed was found (monitoring will occur for at least 3 years).

☐ If checked, this is the ☐ third or ☐ sixth year of monitoring, with no plants found. This site is considered eradicated, but as an extra precaution, we plan to visit again in 3 years. Since we do not plan to visit during the next 2 years, contact us if you notice any Giant Hogweed during this time.

☐ Congratulations! Your site has had no Giant Hogweed plants for nine or more years. DEC crews will no longer be visiting. Please contact us if you notice any Giant Hogweed in the future.

Additional Giant Hogweed Information:

- Do not touch Hogweed, dead or alive, with your bare skin. Before approaching it, read the Giant Hogweed Control Methods Guide, especially the section titled **Public Health Hazards & Safety Instructions**. Copies are available from your crew or at https://dec.ny.gov/nature/animals-fish-plants/plants/harmful-plants/giant-hogweed.
- Controlled (killed) plants are left to decompose where the work was performed and, especially at large sites, some plants may survive control efforts. Be mindful of this when you are in or around those parts of your property.
- Crews may not have controlled flowering plants other than by removing their seed heads. This is because once a Giant Hogweed plant produces seed, it dies (root and all) later that year.
- If herbicide was applied, do not enter the sprayed area for at least 24 hours. If pesticide signs were placed on site, do not remove the signs for at least 24 hours. Each sign shows the date and time of application.
- If a property access form accompanies this letter, complete the form and return it in the pre-addressed envelope.
- A site needs to be monitored for 3 consecutive years, without finding plants, before it is considered eradicated.
- The following statement only pertains to small sites. If possible, visit the site repeatedly over the coming months and report any flowering plants.

(518) 320-5033

LICENSE TO ENTER PROPERTY FOR GIANT HOGWEED CONTROL PROGRAM
FOREST HEALTH
NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

Giant Hogweed is a Federal Noxious Weed which spreads quickly and has the potential to cause severe skin irritations. Giant Hogweed infestations have been documented in your area. It is essential we gain total control over this potential health threat before it spreads to other properties or areas of the state. This control program is a joint effort between the New York State DEPARTMENT OF ENVIRONMENTAL CONSERVATION (NYSDEC) and the PROPERTY OWNER, identified herein.

I, the PROPERTY OWNER of the property identified herein, grant a right of access to the NYSDEC, ITS REPRESENTATIVES, MUNICIPAL AGENCIES AND OTHER ORGANIZATIONS to enter my property in order to monitor for Giant Hogweed plants or exercise a control program over any Giant Hogweed infestation area(s) of my property. The control program may include one or more of the following control methods: cutting through the root of the plant, removing the umbels (flower heads); and/or the proper applications of herbicides. I understand that the control program will not include removal of the Giant Hogweed plant material from my property.

With respect to allowing employees of the NYSDEC upon the properties listed below ("premises"), the NYSDEC hereby agrees that, in consideration of the privilege of entering upon the premises for the purpose of controlling Giant Hogweed, the NYSDEC will release, indemnify, protect and save harmless the landowner, to the extent authorized by state law, particularly the Court of Claims Act and shall be responsible for any final judgment of a court of competent jurisdiction which is based upon the NYSDECs negligence or the negligence of its employees, while acting within the course and scope of their employment. In accordance with State Finance Law § 41, said responsibility of the NYSDEC is limited to the availability of lawful appropriations. And it is further understood and agreed that in performance of the aforesaid entry upon the premises, the NYSDEC is an independent contractor, and its servants, and employees shall at no time be considered employees of the landowner. The NYSDEC shall leave the premises in the same condition as found notwithstanding reasonable wear and tear resulting from the conduct of Giant Hogweed control.

The NYSDEC is working to protect and conserve the natural areas within our state. I understand that there will **be no cost to the property owner** for this service which I am allowing in order to support the effort of controlling the spread of Giant Hogweed.

AURORA TOWN COURT

5C

JEFFREY P. MARKELLO
TOWN JUSTICE

JAMES F. GRANVILLE
TOWN JUSTICE

TO: Aurora Town Board
FROM: Jeffrey P. Markello
DATE: 7/7/26
RE: Court Officers - 3 Hour Minimum

When NYS Unified Court System (UCS) trained court officers were first engaged to provide security to our Town Justice Court, it was on the same terms as surrounding towns; ie, an hourly rate with a 3-hour minimum per court night.

While it is rare for our UCS Court Officers to serve any less than three hours on a court night, that minimum has been honored over the years and paid through the court's security budget line A.1110.416.

Please know that the level of UCS training and expertise these professional court officers bring to our Town Justice Court ensures the safety of all who appear in court, and it is important that we maintain a good relationship with them.

Consistent with the practice of other local night courts, the 3-hour minimum recognizes that after their day shift in Buffalo courts, these officers drive out to East Aurora, stay until our last case is disposed, and don't return home to their families until late that evening.

Accordingly, we respectfully request the Town continue paying our court officers a minimum of three (3) hours each court night.

Thank you for supporting our town court.

June 25, 2026

To: Town Board Members

I respectfully request the Town Board approval of the Purchase of a 2027 Slate EV 4X2 Pickup Truck for $25,449.99. It is the Base Model with Red Wrapping option. It will require a $300 Deposit to order to be paid out of DB5130.217. A delivery date will be sometime in 2027, which will be determined after the deposit is paid. This remainder be paid for out of DB5130.217 in the 2027 Budget.

Slate is an online purchase through the manufacturer, so this is a Proprietary Price with no way to bid a comparable alternative. It is currently the lowest price new Pickup Truck available in the United States regardless of Drivetrain.

As a comparison of other suitable pickups to the needs of the Highway Department, I have attached the following alternative vehicles that are also low-cost vehicles:

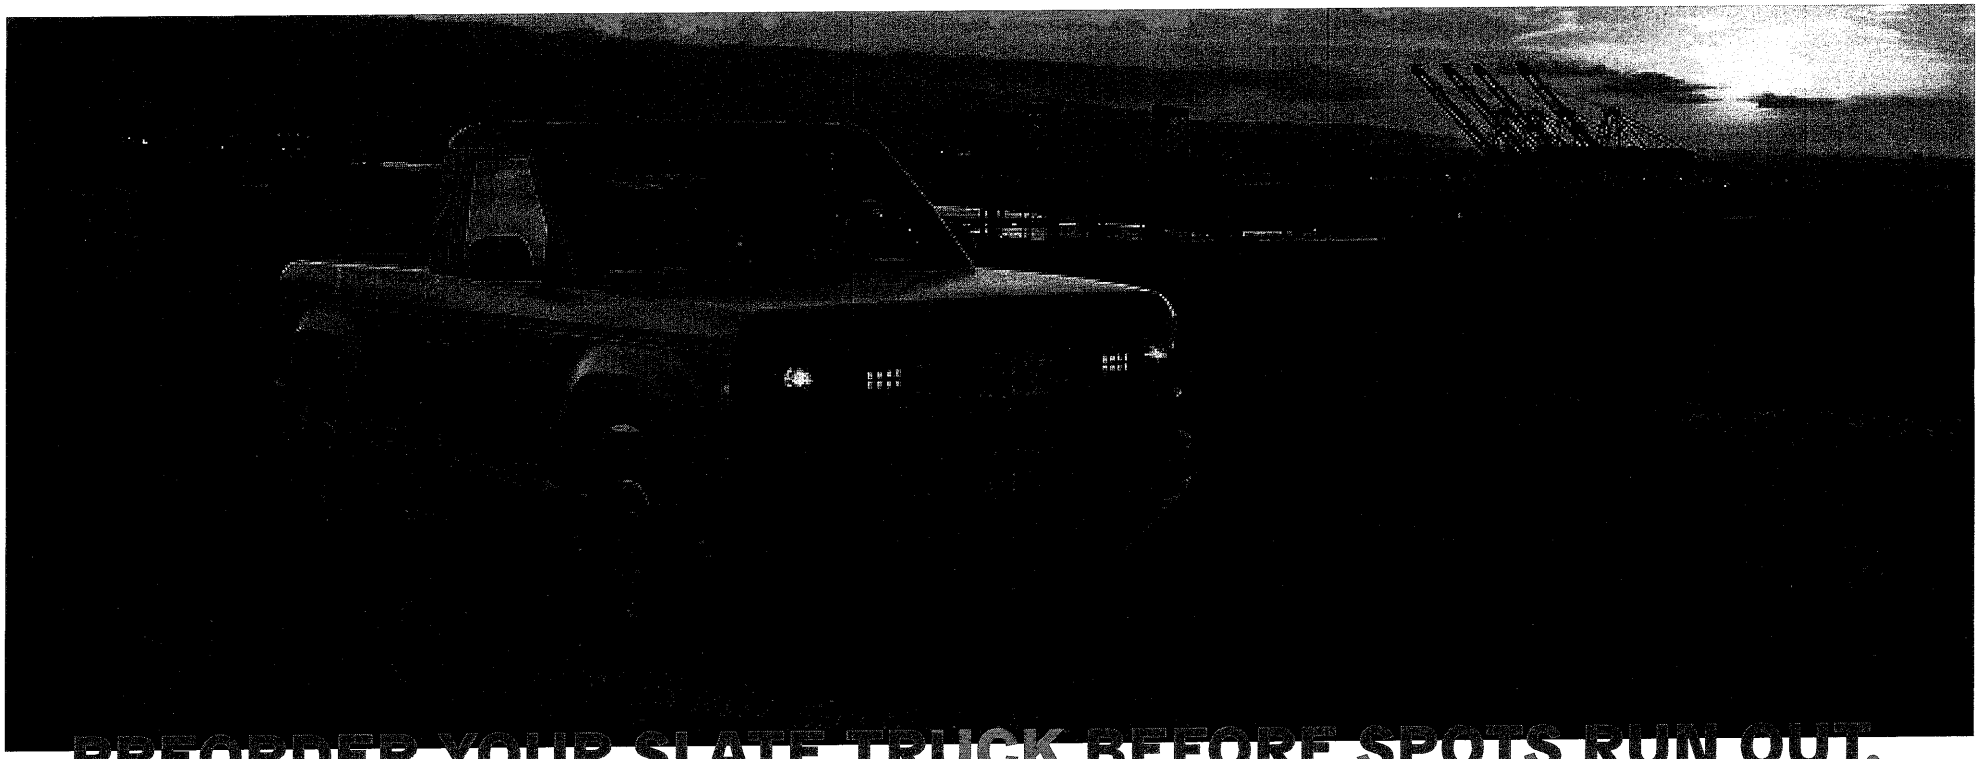

2026 Ford Maverick Gas 4X2- $30,685
2026 Ford Ranger Gas 4X2- $36,635
2026 Ford F150 Gas 4X2- $41,820

This will replace a 2014 Ford F150 Gas 4X2 Pickup which will be declared surplus and auctioned off next year.

Sincerely,

David M. Gunner
Superintendent of Highways

MEMO _____

TO: Town Board

FROM: Kathleen Moffat

RE: Establish NY Forward Capital Project

DATE: July 13, 2026

I respectfully request approval to establish Capital Project H2 - NY Forward West Falls Improvements and to record an interfund loan in the amount of $10,000.00 from General Fund (A) fund balance.

The loan will be repaid in full by December 31, 2026, without interest. Repayment of the loan will be made from reimbursement proceeds received through the NY Forward Grant.

MEMO _____

TO: Town Board

FROM: Kathleen Moffat

RE: Printer Surplus

DATE: July 13, 2026

I respectfully request approval to surplus an Epson Stylus NX415 printer from the Senior Center (TOA #2106). The printer is over 10 years old and will not need to be replaced.

TOWN OF AURORA SENIOR CENTER
DIRECTOR'S REPORT
Month of June 2026

The mission of the Town of Aurora Senior Center is to help older adults remain healthy and active through participation in recreational pursuits and to provide leadership and advocacy to ensure the availability of leisure and recreational opportunities for seniors.

ADMINISTRATION:

I attended the Live Well Erie meeting at the Roswell Community Center on June 4th. It was an excellent gathering and sharing of information.

On June 10th I attended our quarterly director's meeting at the Tosh Collins Senior Center. The center has a new director, and we enjoyed exchanging information with her.

Oue center has hosted 8 University Expresses classes in June. The classes vary from baseball to mystery to exercise. They are very well attended with a constant crowd of 40+.

Day & time:	M-F 8:00am- 4:00pm
Participants:	Approximately 45 per day
Title:	LINE DANCING

TRIPS

June 3 – Buffalo River History Cruise

June 17 – Seneca Allegany

FUTURE TRIPS

July 8 – Canandaigua Boat Cruise

EVENTS & OTHER ACTIVITIES

June – The Farm Market truck sponsored by Feedmore WNY is selling produce for our seniors and all community members for a fair price.

June 18 – Clarity Group assisted our seniors with Medicare insurance

June 24 – The Book Club read Delores Clairborne by Stephen King

June 8 - Erie County Senior Services sponsored Trivia competition

June 11 – The Thursday Senior Club Celebrated Flag Day with a trivia about the US Flag.

June 18 – The Thursday Senior Club celebrated Father's Day with games and prizes plus a treat from the office staff.

June 25– Erie County Social Worker, Danielle, has been assisting seniors on various topics. This has been a plus for our members and the center staff.

June 25 – The Center for Elder Law and Justice presented a program on Money Management. They talked about finances, scams, and working with their volunteers to balance your checkbook. They offer volunteer assistance to individuals needing help, especially if no family members live nearby.

NUTRITIONAL LUNCH PROGRAM

Lunches are offered daily at a donation of $3.00. Our weekly count for the program is 358 per week. Lunch totals for the month of June are 1793.

	In-house	Frozen		In-House	Frozen
Week of June 1	274	115	Week of June 8	276	110
Week of June 15	224	110	Week of JUNE 22	280	107
Week of June 29	190	107 (closed 7/3)

East Aurora / Town of Aurora
Police Department
Interdepartmental Correspondence

To: Mayor Luke Wochensky & Village Board; Supervisor Charles Snyder & Town Board

From: Patrick Welch, Chief of Police

Date: July 7th, 2026

Re: Monthly Report – June 2026

General Information

Meetings: In addition to Village Board, Town Board and Staff meetings I also attended the following:

- Erie County Police Chief's Association Monthly Meeting
- Conducted six in person final pistol permit interviews
- Met with Orchard Park PD and New York State Police about assistance for Heart of Music festival
- Conducted three interviews for Police Officer, ultimately choosing Tyler Baker
- Attended Erie County Stop-DWI annual awards with PO Patrick Shea
- Conducted one part-time public safety dispatcher interview
- Blue Zones virtual meeting
- Music Fest Post event meeting
- Met with Mayor and Legislator Lorigo about funding ideas
- Met with Professor Marty Floss and master's student from Hilbert College on performing a manpower study.
- Attended NYS Chief's Association Board of Governor's Meeting in Saratoga Springs.
- Met with two Graduate students from RIT about an engineering study they are completing

Special Events: The annual "Heart of Music Festival" was held on Saturday June 13th. The event went well with all of the advanced planning that was put into place. Festival organizers indicate a lighter crowd than usual. There were many other events happening on the same day in the Buffalo Niagara Region. There were a handful of drunk and disorderly disturbance calls reported later in the night. The festival organizer and participating venues are due to appear before the Village board at a later date to discuss the event.

East Aurora / Town of Aurora
Police Department
Interdepartmental Correspondence

Training:

All officers were assigned 30 daily training bulletins through Lexipol.

Officers attended semi-annual firearms qualifications at the East Aurora Fish and Game Club. All officers qualified with their issued service weapon and patrol rifles. Lt. Mackey from Orchard Park PD filled in as Range officer since Lt. O'Hara's departure. PO Alex Pierce is attending NYS Firearms instructor training this month and will be the department's firearms instructor going forward.

Arrests / Investigations

While there were various arrests made during the Month of June, two arrests of note were: there were no out of ordinary arrets made in the month of June.

Miscellaneous

- Legislator Lindsay Lorigo has made a verbal commitment to provide funding to the department with $5,000 for the purchase of two police e-bikes and necessary equipment. Our current police bicycles are traditional mountain pedal bikes and will be kept and used as needed.
