MINUTES

- Minutes of the Regular Meeting of May 18, 2026, were approved as written by Trustee Baker, seconded by Trustee Schuster and carried with unanimous approval.

PUBLIC COMMENT

- Allison Duwe representing the Comprehensive Plan Implementation Committee updated the Board. The members met recently and wanted to brief the Board that they are looking to support the Village of Springville with the Application for Downtown Revitalization Grant. They would like to set up about three (3) meetings at the end of

the summer to review the Comprehensive Plan, build understanding and alignment. They would like to send the invitation to the other boards within the Village. The committee would also like all members to receive a bound copy of the plan.

Allison also mentioned that the Comprehensive Plan Committee is looking for some outside help for funding to keep this committee successful.

- Irene Lockwood spoke about the closing of the JBR Chaffee Nursing Home. She is very concerned about this. She is also concerned about the cars speeding on Cattaraugus Street. Irene would like someone to investigate how to stop this.

NEW BUSINESS

- Resolution requesting approval to modify the FFY25 Historic Preservation Fund Certified Local Government Grant Project to include Website Development and Management Services for the Springville Historic Preservation Commission. Trustee Shuster would like this resolution to be approved so we can ask SHPO (State Historic Preservation Office) to repurpose the funds to include website development. Superintendent Duane Boberg spoke with Clinton Brown about modifying the grant projects scope to include website development. Clinton Brown said that there was room in scope of the grant to update the Village of Springville's website, but making a stand-alone website for the Historic Preservation Committee would be unlikely. Frances Stern from SHPO believes that it would be unfair to the other applicants to change the scope of the Grant. They try not to change the scope, but it will not hurt to ask for this. The Board would like to send the Resolution to SHPO to see what they say. This was approved by Trustee Shuster and seconded by Trustee Baker and carried with unanimous approval.

Zoning Board Chairman Joe Wolniewicz called the meeting to order at 7:01 for a Public Hearing this evening. This Public Hearing is to hear the petition of Thomas Roberts, 121 N. Buffalo St. in R6 zoning district Springville New York File # 11183 for area variance Village code is:

§ 200-11 Lot Frontage

In all districts except B-1 or VI district the lot frontage at the street line shall be not less than 40 feet.

At 7:01 pm, Chairman Wolniewicz opened the Public Hearing.

Mr. Thomas Roberts explained that he is looking to build back a 4 unit Colonial on the property where one was until it was destroyed by a fire in 2013. February 11, 2026

Chairman Wolniewicz closed the public hearing to go into Board Discussion.

After some discussion, Chairman Wolniewicz declared SEQR for File 11183 a Type II requiring no further action; therefore, a negative declaration was determined.

At this time the Zoning Board of Appeals went over the factors considered in their decision:

FACTORS CONSIDERED:

1. Whether undesirable change would be produced in character of neighborhood or a detriment to nearby properties: Yes ☐ No ☒ (4)
2. Whether benefit sought by applicant can be achieved by a feasible alternative to the variance: Yes ☒ (4) No ☐
3. Whether the requested variance is substantial: Yes ☐ No ☒ (4)
4. Would the variance have an adverse impact on the physical or environmental conditions in the neighborhood: Yes ☐ No ☒ (4)

Whether the alleged difficulty was self-created, which consideration shall be relevant to the decision of the Zoning Board of Appeals but shall not necessarily preclude the granting of the area variance: Yes ☒ (4) No ☐

DETERMINATION OF THE ZONING BOARD OF APPEALS BASED ON THE ABOVE FACTORS:

The ZBA, after taking into consideration the above five factors, finds that the benefit to the applicant does outweigh the detriment to the neighborhood or community.

The ZBA further finds that a variance of 3 Feet should be granted in order to preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

The variance request is approved.

PUBLIC COMMENT –

Mike Wolniewicz, who has a woodworking business located at 26 Franklin Street, had an issue with an easement on the property. He needed this easement released so he could put a shed on the property. Kelly Adams was hired by Mr. Wolniewicz to draw up the documents to have an easement released. Unfortunately, the wrong easement was documented and released. Mr. Wolniewicz was also billed from the Village of Springville for this easement release as per our fee code the amount of \$250.00.

Mr. Wolniewicz was very upset about the whole situation. He just wanted to put up a shed on his property, and it turned into months of aggravation and disappointment and an invoice that he is refusing to pay.

APPENDIX A

VILLAGE OF SPRINGVILLE, NEW YORK Contract Dated June 1, 2026 General Financial Services

DISCLOSURE OF CONFLICTS OF INTEREST

Municipal Securities Rulemaking Board Rule G-42 requires us, as your municipal advisor, to provide written disclosure to you about material conflicts of interest.

We have determined, after exercising reasonable diligence, that we have no known material conflicts of interest that would impair our ability to provide advice to the Village in accordance with our fiduciary duty to municipal entity clients. The attached paragraphs outline areas of potential conflicts of interest we have reviewed to make this no material conflict of interest determination.

Our proposal includes compensation for municipal advisory activities to be performed that is contingent on the size or closing of any transaction as to which Municipal Solutions, Inc. is providing advice, the potential conflicts that could occur as a result of this pricing compensation are outlined below.

FORMS OF COMPENSATION AS POTENTIAL CONFLICTS

The forms of compensation for municipal advisors vary according to the nature of the engagement and requirements of the client, among other factors. Various forms of compensation present actual or potential conflicts of interest because they may create an incentive for an advisor to recommend one course of action over another if it is more beneficial to the advisor to do so. This document discusses various forms of compensation and the timing of payments to the advisor.

Fixed fee - Under a fixed fee form of compensation, the municipal advisor is paid a fixed amount established at the outset of the transaction. The amount is usually based upon an analysis by the client and the advisor of, among other things, the expected duration and complexity of the transaction and the agreed-upon scope of work that the advisor will perform. This form of compensation presents a potential conflict of interest because, if the transaction requires more work than originally contemplated, the advisor may suffer a loss. Thus, the advisor may recommend less time-consuming alternatives, or fail to do a thorough analysis of alternatives. There may be additional conflicts of interest if the municipal advisor's fee is contingent upon the successful completion of a financing, as described below.

Hourly fee - Under an hourly fee form of compensation, the municipal advisor is paid an amount equal to the number of hours worked by the advisor times an agreed-upon hourly billing rate. This form of compensation presents a potential conflict of interest if the client and the advisor do not agree on a reasonable maximum amount at the outset of the engagement, because the advisor does not have a financial incentive to recommend alternatives that would result in fewer hours worked.

In some cases, an hourly fee may be applied against a retainer (*e.g.*, a retainer payable monthly), in which case it is payable whether or not a financing closes. Alternatively, it may be contingent upon the successful completion of a financing, in which case there may be additional conflicts of interest, as described below.

Fee contingent upon the completion of a financing or other transaction - Under a contingent fee form of compensation, payment of an advisor's fee is dependent upon the successful completion of a financing or other transaction. Although this form of compensation may be customary for the client, it presents a conflict because the advisor may have an incentive to recommend unnecessary financings or financings that are disadvantageous to the client. For example, when facts or circumstances arise that could cause the financing or other transaction to be delayed or fail to close, an advisor may have an incentive to discourage a full consideration of such facts and circumstances, or to discourage consideration of alternatives that may result in the cancellation of the financing or other transaction.

Fee paid under a retainer agreement - Under a retainer agreement, fees are paid to a municipal advisor periodically (*e.g.*, monthly) and are not contingent upon the completion of a financing or other transaction. Fees paid under a retainer agreement may be calculated on a fixed fee basis (*e.g.*, a fixed fee per month regardless of the number of hours worked) or an hourly basis (*e.g.*, a minimum monthly payment, with additional amounts payable if a certain number of hours worked is exceeded). A retainer agreement does not present the conflicts associated with a contingent fee arrangement (described above).

Fee based upon principal - Under this form of compensation, the municipal advisor's fee is based upon a percentage of the principal amount of an issue of securities (*e.g.*, bonds). This form of compensation presents a conflict of interest because the advisor may have an incentive to advise the client to increase the size of the securities issue for the purpose of increasing the advisor's compensation.

From time to time, Municipal Solutions, Inc. does provide municipal advisory assistance to surrounding municipalities including, but not limited to, the Villages of Arcade, Delevan and Gowanda, the Towns of Arcade, Collins, Concord, Machias and Yorkshire. Municipal Solutions, Inc. is not aware of any material conflicts of interest that this relationship would bring to our fiduciary responsibility to the Village as of the date of this Agreement. If Municipal Solutions, Inc. becomes aware of any conflict of interest that could interfere with our fiduciary obligations to the Village, Municipal Solutions, Inc. will notify the Village that a conflict has been identified and we will meet with the Village to discuss the impacts of the conflict and possible methods to resolve the identified conflict areas.

Honorable Mayor Russ Belscher
 Village of Springville
 5 West Main Street
 P.O. Box 17
 Springville, New York 14141

Dear Mayor Belscher:

The following represents our understanding of the services we will provide the Village of Springville, New York (the "Village").

You have requested that we audit the governmental activities, the business-type activity, each major fund and the aggregate remaining fund information of the Village, as of May 31, 2026, and for the year then ended and the related notes to the financial statements, which collectively compromise the Village's basic financial statements as listed in the table of contents. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America ("US GAAS") and in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States of America, will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Accounting principles generally accepted in the United States of America, ("US GAAP"), as promulgated by the Governmental Accounting Standards Board ("GASB") require that supplementary information, such as management's discussion and analysis, the schedule of the local government's proportionate share of the net pension liability/(asset) – retirement systems, the schedule of the local government's contributions – retirement systems, the schedule of changes in the local government's total other postemployment benefits liability, and related ratios and certain budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information ("RSI") in accordance with US GAAS. These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI.

The following RSI is required by US GAAP. This RSI will be subjected to certain limited procedures but will not be audited:

- Management's Discussion and Analysis
- Schedule of the Local Government's Proportionate Share of the Net Pension Liability/(Asset)—Retirement Systems
- Schedule of the Local Government's Contributions—Retirement Systems
- Schedule of Changes in the Local Government's Total Pension Liability—LOSAP
- Required Supplementary Budgetary Comparison Schedule—General Fund and each major special revenue fund with a legally adopted budget

Supplementary information other than RSI will accompany the Village's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and perform certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and additional procedures in accordance with U.S. GAAS. We intend to provide an opinion on the following supplementary information in relation to the basic financial statements as a whole:

- Supplementary information, as listed in the table of contents

Auditor Responsibilities

We will conduct our audit in accordance with US GAAS and *Government Auditing Standards*, issued by the Comptroller General of the United States of America. As part of an audit in accordance with US GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the system of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with US GAAS and *Government Auditing Standards*.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

Compliance with Laws and Regulations

As previously discussed, as part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we will perform tests of the Village's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

Management Responsibilities

Our audit will be conducted on the basis that management and those charged with governance acknowledge and understand that they have responsibility:

1. For the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America;
2. For the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements; and
3. To provide us with:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the basic financial statements such as records, documentation, and other matters;
 - b. Additional information that we may request from management for the purpose of the audit; and
 - c. Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.
4. For including the auditor's report in any document containing basic financial statements that indicates that such basic financial statements have been audited by us;
5. For identifying and ensuring that the entity complies with the laws and regulations applicable to its activities;
6. For adjusting the basic financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the basic financial statements as a whole; and
7. For acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
8. For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
9. For informing us of any known or suspected fraud affecting the entity involving management, employees with significant role in the system of internal control and others where fraud could have a material effect on the financials; and
10. For the accuracy and completeness of all information provided.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility: (a) for the preparation of the supplementary information in accordance with the applicable criteria; (b) to provide us with the appropriate written representations regarding supplementary information; (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) to present the supplementary information with the audited basic financial statements, or if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management and those charged with governance, written confirmation concerning representations made to us in connection with the audit.

Nonattest Services

With respect to any nonattest services we perform:

At the end of the year, we agree to perform the following:

- Propose adjusting or correcting journal entries to be reviewed and approved by the Village's management.
- Assist the Village in the preparation of the basic financial statements.
- Review and provide editorial comments to the Village's Management Discussion and Analysis.
- Address routine accounting and auditing inquiries through the year including applicability of GASB pronouncements to the Village.
- Assist the Village in the preparation of the Annual Financial Report to be filed with the New York State Comptroller.
- Assist the Village in the preparation of the Statement of Changes in Cash Balances and Statement of Cash Receipts and Cash Disbursements for the Village Justices.

We will not assume management responsibilities on behalf of the Village. However, we will provide advice and recommendations to assist management of the Village in performing its responsibilities.

The Village's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) designing, implementing, and maintaining the system of internal control, including the process used to monitoring the system of internal control.

Our responsibilities and limitations of the nonattest services are as follows:

- We will perform the services in accordance with applicable professional standards.
- The nonattest services are limited to the services previously outlined. Our firm, in its sole professional judgment, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities, including determining account coding and approving journal entries.

Reporting

We will issue a written report upon completion of our audit of the Village's basic financial statements. Our report will be addressed to the governing body of the Village. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed.

We also will issue a written report on the Statement of Changes in Cash Balances and Statement of Cash Receipts and Cash Disbursements for the Village Justices upon completion of our audit.

Government Auditing Standards require that we document an assessment of the skills, knowledge, and experience of management, should we participate in any form of preparation of the basic financial statements and related schedules or disclosures as these actions are deemed a non-audit service.

During the course of the audit we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

You agree to inform us of the facts that may affect the financial statements of which you may be aware during the period from the date of the auditor's report to the date of the financial statements are issued.

APPENDIX A

Village of Springville, New York Circumstances Affecting Timing and Fee Estimate Year Ended May 31, 2026

The estimate of our fees is based on certain assumptions. To the extent that certain circumstances as listed in this Appendix arise during the engagement, our fee estimate may be significantly affected and additional fees may be necessary. We will notify you of circumstances that we encounter that could significantly affect our estimate and discuss with you any additional fees, as necessary which would be subject to approval by the Village Board. Such circumstances include but are not limited to the following:

1. Changes to the timing of the engagement at the Village's request. Changes to the timing of the engagement usually require reassignment of personnel used by Drescher & Malecki LLP (D&M) in the performance of services hereunder. However, because it is often difficult to reassign individuals to other engagements, D&M may incur significant unanticipated costs.
2. All audit schedules are not (a) provided by the Village on the date requested, (b) completed in a format acceptable to D&M (c) mathematically correct, or (d) in agreement with the appropriate Village records (e.g., general ledger accounts). D&M will provide the Village with a separate listing of required schedules and deadlines.
3. Weaknesses in the internal control structure.
4. Significant new issues or changes as follows:
 - a. Significant new accounting issues that require an unusual amount of time to resolve.
 - b. Significant changes in accounting policies or practices from those used in prior years.
 - c. Significant changes or transactions that occur prior to the issuance of our reports.
 - d. Significant changes in the Village's accounting personnel, their responsibilities, or their availability.
 - e. Significant changes in auditing requirements set by regulators.
5. Significant delays in assistance in the Village's assistance in the engagement or delays by the Village in reconciling variances as requested by D&M. All invoices, contracts, and other documents, which we will identify for the Village, are not located by the Village's personnel or made ready for our easy access.
6. Deterioration in the quality of the Village's accounting records during the current-year engagement in comparison with the prior-year engagement.
7. The procedures necessary to adopt new Governmental Accounting Standards Board Statements have not been completed by Village personnel.
8. A significant level of proposed audit adjustments are identified during our audit.
9. Changes in audit scope caused by events that are beyond our control.

Each person shall limit his or her remarks to three (3) minutes, unless further time is granted by the presiding officer.

C.

All remarks shall be addressed to the Village Board as a whole and not to any single member thereof, unless in response to a question from such member.

D.

No question may be asked of a member of the Village Board or of the staff without permission of the presiding officer.

E.

Village Board members and staff will not engage in debate or discussion with the speaker without permission of the presiding officer. The Village Board member's role is to listen.

§ 80-4. Enforcement of decorum.

The rules of decorum set forth above shall be enforced in the following manner:

A.

Warning. The presiding officer shall request that a person who is breaching the rules of decorum be orderly and silent. If, after receiving a warning from the presiding officer, a person persists in disturbing the meeting, the presiding officer shall order him or her to leave the Village Board meeting. If such person does not remove himself or herself, the presiding officer may order any law enforcement officer who is on duty at the meeting as sergeant-at-arms of the Village Board to remove that person from the Village Board chambers.

B.

Removal. Any law enforcement officer who is serving as sergeant-at-arms of the Village Board shall carry out all orders and instructions given by the presiding officer for the purpose of maintaining order and decorum at the Village Board meeting. Upon instruction of the presiding officer, it shall be the duty of the sergeant-at-arms to remove from the Village Board meeting any person who is disturbing the proceedings of the Village Board.

C.

Motion to enforce. If the presiding officer of the Village Board fails to enforce the rules set forth above, any member of the Village Board may move to require him or her to do so, and an affirmative vote of a majority of the Village Board shall require him or her to do so. If the presiding officer of the Village Board fails to carry out the will of a majority of the Village Board, the majority may designate another member of the Village Board to act as presiding officer for the limited purpose of enforcing any rule of this section which it wishes to enforce.

D.

Adjournment. If a meeting of the Village Board is disturbed or disrupted in such a manner as to make infeasible or improbable the restoration of order, the meeting may be adjourned or continued by the presiding officer or a majority of the Village Board, and any remaining Village Board business may be considered at the next meeting.
